

CBI Awards

Brian Davison has been **elected** to the board of the American Institute of Chemical Engineers (AIChE).

Brian Davison

UT-Battelle Awards Night was held November 9, 2019. CBI awardees included:

Robert Hettich received the **Distinguished Researcher** award “for pioneering the technology of metaproteomic and building a world-class research program using metaproteomic to reveal new information about metabolic partitioning of function in environmental soil microbes, as well as functional information that is being used to contrast healthy vs. diseased conditions”.

Robert Hettich

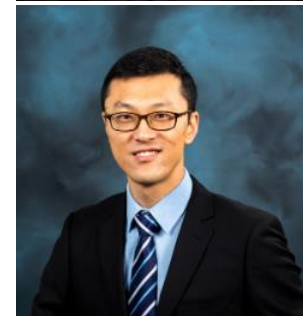

Arthur Ragauskas received the **Joint Faculty** award “for extraordinary productivity as a Governor’s Chair scientist, with 175 publications in 5 years at ORNL. His research is notable in integrating research at ORNL, the University of Tennessee, and the University of Tennessee Institute of Agriculture, with over 90% of his publications representing collaborations among the institutions”.

Arthur Ragauskas

Dr. Ragauskas was also awarded the 2019 AIChE Andrew Chase Award in Chemical Engineering which “recognizes an individual’s outstanding chemical engineering contribution in the forest products and related industries”.

Jin Zhang received the **Postdoctoral Research** award “for demonstrating distinguished performance and extraordinary scientific productivity in the field of plant biology by authoring a remarkably high number of publications, including many published in top journals with high impact factors”.
