

CBI Scientists Recognized on Clarivate's 2025 Highly Cited Researchers List

Highly Cited Researchers from Clarivate is an annual list recognizing influential researchers in the sciences and social sciences from around the world.

Highly Cited Researchers have demonstrated significant and broad influence reflected in their publication of multiple highly cited papers over the last decade. Three CBI scientists, Gregg Beckham, Yuriy Román, and Rick Dixon were recognized on the 2025 Highly Cited Researchers List.

These highly cited papers rank in the top 1% by citations for a field or fields and publication year in the Web of Science™. Of the world's population of scientists and social scientists, Highly Cited Researchers™ are 1 in 1,000.

Dr. Beckham is a Senior Research Fellow at the National Laboratory of the Rockies.
